EMERGENCY FOSTER: Sometimes we need a foster home on very short notice. Would you be willing and able to foster an animal in that circumstance? Yes _____ No _____

I understand that the history of most foster animals is unknown and Rainy Day Rescue will not be held responsible for any inadvertent exposure of foster parents or their own animals to unknown diseases or other medical conditions. I knowingly accept this risk on behalf of myself and my own animals. I understand that Rainy Day Rescue expects foster parents to follow good hygiene practices at all times and suggests keeping the foster animal isolated from other animals for a period of seven to ten days (inclusive of any initial stay at the veterinarian) when the animal is first introduced into the foster home. I understand that Rainy Day Rescue will not be liable for any injury or damage to persons or property caused by a foster animal in my care.
